Principal's Message

Dear Parents,

Each child is unique in nature. A school is a place where suitable atmosphere is provided to facilitate-learning for the acquisition of knowledge, skills, values, beliefs and habits.

At 'Neev School' no child is left behind with any unpursued passion. We all work together to motivate them, create and grab opportunities which would help them in their holistic growth.

Children need to understand the importance of emotional balance, critical thinking and the most importantly accepting failure graciously. The mode of education which would help them for the same is termed as "Educare".

Our institution provides education with care so that children imbibe values, respect for Indian culture and becomes capable of shaping the society. Keeping our nation's need in mind, we have imbibed the Neev School mantra of "Joy Of Learning" into every aspect of our school.

*The real education is a journey from converting the
'Human Being' into 'Being Human'.*
